

Consular Services Opt-Out Form (F3521A)

Overview

In response to concern over the newly extended range of consular services received by various Canadians, notably Mr. Abousfian Abdelrazik, the Department of Foreign Affairs has created this form to allow Canadians traveling abroad to “opt out” of certain consular services. Should you wish to decline any of the services listed below, please complete this form and submit it to the address specified below before your next international travel.

The well-being and protection of Canadians abroad is, and will continue to be, our number one concern.

Please print in capital letters / Veuillez SVP écrire en lettres capitales

Surname										First Name										Middle Name									
Address										City										Postal Code									
I do not wish to receive the following assistance:
